Aatm Nirbhar Bharat Scheme, launched by the Government of India, plays a crucial role and acts as a guardian-angel for millions of people and sectors caught in the garb of Covid-19. The economic crisis triggered by the Novel coronavirus pandemic in 2020 gave birth to the vision of Aatmnirbhar Bharat with new passion and enthusiasm. While our Prime Minister Narendra Modi first proposed the idea, some of its features are synonymous with the Swadeshi movement launched long back in India under the supervision of Mahatma Gandhi.

The Indian government could feel the highest sense of responsibility to take away in a go or mitigate the atrocities by launching a favorable scheme to revive their lives and India's Economy. Never in the past, the Indian Economy got this badly hit. The downfall of the Economy and financial conditions broke all the previous records, thereby triggering the need for some regulations, which came up as "Aatm Nirbhar Bharat, or self-reliant India."
