AI Ghar is an initiative of Aiprog. The purpose of starting AI Ghar is to eliminate unnecessary middlemen and confusion among buyers in this real estate industry. AI Ghar is made to help those people who are in a search of their own home for their family Or someone who wants to invest in property. We know how important and precious home is for someone. It is someone's sentiments and emotions that make a house. It's not only a structure of bricks & sands its a structure of emotions & hard work, and we understand that.
