Non-fungible tokens have become the recent fad that comes even more close to us now. What could be more enthralling than the news of our beloved icon entering the NFT arena? You heard it right! It's none other than our legendary Amitabh Bachchan. BeyondLife club is releasing Amitabh Bachchan's elegant collections as NFTs that withhold a remarkable value. Am I the only one who is super-excited? I believe, definitely not! And so now there's no time to think but act on the spot.
