AVD Group is a pioneer in extending higher education to all data and program enthusiasts across the country. It offers four major courses: Data Science, DevOps, Cybersecurity, and Data Engineering training. Both online and offline courses are available. The students will receive the best exposure through hands-on guidance, boot camps, and world-class instructors.

The group also offers 6-month post-training placement assistance to eligible students. Plus, it also offers assistance in resume-building, interview preparation, and tips to crack mock interviews. In short, one can expect to receive 360-degree career advice from the AVD Group.
