Badikheti is an agriculture marketplace for vendors (sellers) and farmers (buyers) to sell and purchase agricultural products such as fertilizers, seeds, pesticides and equipment. We believe in creating a win-win for both parties- here, vendors can list products, get many potential buyers who can purchase these 100% genuine products, at a competitive price and have them delivered at their doorstep, all through the same platform.

Badikheti's Farmers App is the interactive online agriculture platform in India catering to the needs of farmers. It's a one-stop solution for farmers and provides a complete spectrum of products and services, including seeds, crops, bio fertilizers, agro chemicals, insecticides, pesticides, herbicides, best farming product, best agricultural inputs, farming equipment & implements and more, delivered direct to the farm. The very definition of convenient farming, right at your fingertips.

Why Choose Badikheti?

- 100% Genuine Products
- Low and competitive Prices
- Orders timely delivered at doorstep

The app is easy to navigate and has variety of payment options adding to convenient purchases. It's a tool of new era agriculture, built for the farming community at large. Badikheti is one stop destination for all your needs as a farmer.

Ab har kisaan ki pasand hogi Badikheti!!!

Badikheti aims at empowering farmers of India and facilitate ease of a successful harvest in the agriculture industry which is both sustainable and profitable. Our platform fulfills all your farming needs at the best price and in the shortest time.
