Foshan Hanse Industrial Co., Ltd was founded in 1999, and is located in Foshan, the ceramic capital of the south country. It independently develops and manufactures polished tiles, glazed tiles, marble tiles, wood tiles, glass tiles, mosaic tiles and other tile products. It is one of the modern large-scale high-tech ceramic construction enterprises integrating design, research and development, production and sales.

Hanse Ceramic & Porcelain Tile factory possesses a powerful production ability of 90,000 square meters per day, accept low or large volume custom Ceramic Tile production. Our ceramic floor tile & wall tiles manufacturing processes comply with international quality standards and are greatly appreciated in a variety of different markets throughout the world.

Win reputation with quality" is Hanse's pursuit and persistence for many years. In the future, Hanse will continue to surpass innovation, provide more consumers with the enjoyment of quality and taste, pursue the goal of "building China's ceramic benchmarking enterprise", gain social respect with leading quality, and build a century-old brand with the heart of craftsman.
