With the **Best International School In Mumbai** entrance exam right around the corner, plenty of things might be running at the back of your mind. If you are new to international schools then exam can be quite challenging for several students, and if you are one of them, you don't need to stress as here are some dos and don'ts you need to follow to crack the entrance exam with flying colors.

Don't procrastinate- One of the worst things you can ever do is to procrastinate. Often you would be finding yourself procrastinating while achieving an important objective. You need to know that procrastination makes it challenging to achieve goals, and the more you tend to delay, the less enthusiastic you become towards your objective.

Don't go for last-minute preparations- Even though last-minute preparations are quite beneficial at times to remember the vital formulas and concepts, there are some chances that you might even forget what you have learned already. Hence it is always advisable to not study any subjects or topics on or even before a day before your exam. You need to revise only the main concepts or formulas which you need to solve some numerical questions.
