Incepted in 1993, BUSY is the country's most preferred integrated business accounting software. Our experts have developed BUSY accounting software to cater to Micro, Small & Medium Enterprises (MSMEs). We are continuously working hard to make BUSY a simple yet powerful comprehensive business accounting software that is also useful for companies looking for GST accounting software, Inventory management software, and Billing software for their businesses.

Being one of the most trusted accounting software in the country, BUSY also helps businesses with various business management processes like Inventory management, Invoicing, taxation, orders, payroll, customer support, and much more. It is available in four different packages - Express (Free with limited functionalities), Basic (meant for shopkeepers and small businesses), Standard (with advanced features), and Enterprise Edition (for large-scale businesses). For more than two decades, it has enhanced business productivity and has gained massive recognition in domestic and international locations, including South Asia, Middle East Asia, and Africa.
