Bulk bag are also known as Flexible Intermediate Bulk Container (FIBC) or **jumbo bag** , is economical and ideal packing used for the storage & transportation of powdered, granulated or bulk products.

FIBC bags are manufactured by polypropylene woven fabrics that are stabilized against UV degradation. Each bulk bag can contain load capacities between 500kgs to 2000kgs with safety of 5:1 or 6:1 (5:1 is for Single use & 6:1 is for multiple use or for UN bags), depending on the bag design and size. Optional LDPE inner liner can be included to provide additional protection against moisture ingress.
