KEW Academy is an initiative aimed at training and shaping students through advance, result driven techniques & enable them to achieve success in CA/CS exams

This is an institution which aims to bring a professional transformation among students who wanted to be valued in the society. It is a team of professionals who have joined hands together to share the knowledge they have gained through experience and exposure. This place is more than a private coaching centre where the students can build their skills, develop a professional habit...Here more than teaching, we guide the students to achieve excellence in their professional career. This academy is the brain child of CA Gokul Raj, who is a renowned professor and carries enormous experience along with him. He has extensive experience in coaching students for law for Indian CA and ACCA UK...He has guided about 1500 students to become a Chartered Accountant.
