Clobas is a cloud-based management software for all types of education institutes. It is designed for schools, colleges and universities. It is a central management system that offers an easy and effective way to store information and access it anytime and anywhere and from any device. It comes with a wide range of features and functionalities that make it an excellent choice for education institutes. It offers functionalities like Administrative, Academic, Learning Management, Communications and Productivity, which is why we can safely say it is the best college management software in India. These features are designed to take care of day to day responsibilities of the institutes. From streamlining admission to fee collection to exams and online classes, there are no tasks that cannot be handled with it. Plus, it brings together everyone in one place via a centralized management system, thus making it the best school management software in India. It is also available as a mobile app.
