The beginner's pottery course at Dharamkot Studio Pottery provides a supportive and encouraging environment for individuals to explore their creativity and develop their pottery-making skills. Whether you are looking to make pottery as a hobby or as a profession, this workshop is an excellent starting point.

Hands-on experience: Participants will have the opportunity to work with clay and put their newly acquired skills into practice. They will learn how to make pots, bowls, and other objects on the potter's wheel and how to use hand-building techniques to create unique pieces.
