DNA Goa is a Pvt. Ltd. internet service provider in Goa, offering broadband internet services in Panjim, Tivim, and Calangute. Established in 2006, DNA Goa provides various internet plans for home internet, unlimited home wifi, and broadband internet services.

DNA Goa has been providing reliable and affordable internet services with over 10 years of industry experience. With a choice of truly unlimited plans from 5 Mbps to 30 Mbps, clients can enjoy high-speed internet with no FUP at reasonable prices. We utilizes GPON technology for connectivity, ensuring minimal downtime due to virus/broadcast storms, power outages, and other dependencies, and offers SMS alerts during planned or unplanned outages.

With our fastest internet provider services, DNA Goa is one of the leading home high-speed providers of Broadband Internet service in Velim. We offer low-cost broadband plans and operate from 09:30 a.m. to 09:30 p.m.

From the Basic FUP Plan to Unlimited Plans, you can choose the best plan that meets your requirements. We also provide special offers from time to time. Through its services, DNA Goa has assisted a multitude of enterprises in achieving their full technological capabilities, allowing them to determine the bandwidths that best suit their needs.

To learn more about their services, visit our website at <https://dnagoa.com/>. If you need to contact DNA Goa, you can reach them at 0832-6747575 or email them at [sales@dnagoa.com](mailto:sales@dnagoa.com)
