Email info@drdixitcosmeticdermatology.com

Dr. Rasya Dixit is the **best skin specialist in Bangalore**. Cosmetic Dermatology is relatively new, and often Dermatologists and patients alike can rush into treatment and technologies without being aware of all the risks or downsides. At Dr.Rasya Dixit, we put patient safety first. We use only FDA approved technologies, and follow evidence-based guidelines for all the treatments. In a further effort to empower patients, a full written detailed explanation of the treatment protocols and alternative options are given after the consultation, so an informed decision can be made.
