Ebooks elibrary is a Techive venture. It is a one-stop shop to provide avid readers, students, knowledge seekers, book lovers, and all others a complete range of e-books. A place where you can purchase e-books, download and read them offline, and maintain your personal ebooks library. Flipping pages effect, sound on turning of pages, the option to search content, direct click on chapters through the table of contents gives readers a unique and engaging experience. Books on different topics have been classified into well-known categories and subcategories thus making it easy to find a particular e-book.
