Founded in the year 2005, **Freedom Software Solutions** has positioned itself as a leading **entERPrise software provider** for manufacturing businesses in India.

Our organized work flow, and years of experience in the field of mechanical engineering and manufacturing has made us the leader in providing excellent business solutions for B2B manufacturing facilities like automotive OEMs, machining vendors, special component manufacturers, etc.

We assist in the growth of our client's businesses by improving their service quality, enhancing their business processes, and improving resource utilization; thus improving overall productivity and ROI of their business.

Our Potential :

Since most of the associates of Freedom Software were from the mechanical engineering domain. The pain involved in operating a manufacturing business is well understood by the team FSS. We can quickly grasp the problem area of your business and lay a proper plan in no time for a clear-cut optimization.

The Solutions we provide,

1. Freedom **On-Premise**entERPrise
2. Freedom **Cloud**ientERPrise
3. **Customized application**for customer specific requirement

Industries we serve,

Manufacturing Industries like, Machining, Forging, Molding, Casting, Pressing, Fabrication, Rubber, Fasteners

Also for Assembly, Trading, Pharma & Construction industries.
