Messung brings you XM-PRO-Indigenously designed and manufactured workplace products for the Electronics Industry. with XM-PRO, you're assured protection in ESD environments especially when using precision electronics components, with world-class looks and specifications, XM-PRO delivers unmatched structural flexibility, ergonomics and modularity, enabling customers to define and optimize their work environment in the Electronics industry.

Instrument Shelf

This is a Volumetric ESD board with resistance between 106 to 107 Ohm. A high pressure laminated particle board with ABS 2 mm edge binding, it has 120 Kg weight carrying capacity and easily adjustable height, adding to the functionality of this ESD safe table.

LED Light

Champion comes fitted with a 20-Watt sleek LED tube light with 2000 lumens intensity that provides soft radiation-free, glare-free light.

Electrical Mounting Panel

Champion's mounting panel is equipped with high standard universal power sockets (5/15 Amp) and with standard MCB of 2 pole/32 Amp.

ESD Worktop

The worktop has a Volumetric ESD board with resistance between 106 to 107 Ohm, fitted on a high pressure laminated particle board with ABS 2 mm edge binding and front corners with ergonomic 50 mm radius. It has 400 Kg weight carrying capacity and is Formaldehyde Emission - Class E1 (normally inflammable) as per EN 438

SUPPLIER

Messung Workplace Technology

Address	World Trade Center, Tower B, Office No. 420, Kharadi, Pune 411 014, India.
Contact Person	Nikhil Karnajkar
Mobile Number	91 20 6649 2800
Email	sales.xmpro@messung.com
