iAcuity offers Innovative Automated Analytics Solutions that abate financial crime, fraud and risk and create A Safer World.

We at iAcuity Fintech Pvt Ltd are an analytics solutions provider in the Fintech Domain. We have developed a Flagship Software known as Fund Trail which is powered by Artificial Intelligence & Big Data technology that helps Forensic Auditors & Law Enforcement Agencies across India to conduct Effective investigations by providing Actionable Insights during Financial Anomalies/ Crimes analysis.

Fund Trail is currently the World's 1st Hyper Automated Forensic Audit Tool which is very effective in handling complex Financial Crime situations. It has been nearly 2 years now since the product is available and it has already served many Forensic Audit Firms & State Police Departments (Economic offense Wing) across India with its effective support which has led to successful Fraud Identifications.
