Garden On Hire, established in 2013 Gurgaon, is a leader in designing, installing, and maintaining beautiful and calming plant environments. From the design concept to installation and ongoing maintenance we handle customer requests for any size business. We pride ourselves in innovative and excellent service to ensure that the green spaces always look as good as the day they were installed. As part of our plant rental scheme, we provide regular rotation of plants, variety of plants, guidance on the suitability of spaces, at no additional cost. We provide plants on rent at an affordable price to take fresh air in breathing in your office spaces. Garden-On-Hire helps you with the design, installation, and maintenance of high-quality air purifier plants for office spaces. We specialize in selecting customized air-purifying plants and containers that suit your office space perfectly. Apart from its health benefits, our office plants fit the available lighting and ambiance for office space.
