Healthcrum is India's first online super specialty clinic, offering end-to-end healthcare services to patients across the country. With a focus on improving the quality of healthcare services for people living in remote areas, Healthcrum is a new-age Health-Tech organization that provides affordable and accessible services to all.

Healthcrum offers a one-stop solution for all healthcare and wellness needs, providing personalized assistance to each individual. With 60500 happy clients served, Healthcrum has expanded its services to 28 states, 950 locations, and 80 corporates, making healthcare accessible to more people than ever before.

The company has a presence in over 750 locations pan India, and through their system, patients can avail of quick services.
