**Mobile Number** 13393384190  
**Email** fanyandong0010@gmail.com

HEBEI **Shengdebaolong International Trading CO.,LTD** was established in 2016, which is the international trading branch company of HEBEI YUEYANG PIPEFITTING CO.,LTD, the registered capital is fifty million RMB. Our factory is a private enterprise integrating R&D, production, sales and trade. The company is located in China's pipeline equipment manufacturing base - Yanshan County, Cangzhou City, Hebei Province. It is close to Tianjin in the north and only 150 kilometers away from Tianjin Port. The transportation is very convenient.

The factory covers a total area of 15,000 square meters. Which is engaged in the concrete pump pipe production business line for over 20 years, and specialized in international trading about 10 years. Our company has 80 employees, including 6 management, 8 engineers, 10 professional and technical personnel, and 10 international sales personnel and some basic workers. In our factory, there are three kinds of workshops, including concrete pump pipe production workshop, reducer pipe processing workshop, and batching workshop. All the production processes are automatic. There is not only has the supporting facilities for the production of **pipe fittings**, but also has a wearing spare parts warehouse to provide customers with more convenient services. And our wear parts are widely used in the concrete pumping business line, our pipes inner wall usually through heat treatment, so that can improve the pipe wear resistance degree and service life. At the same time, our company introduced the patented technology of at least 50,000 square single-layer wear-resistant pipes in Korea, and officially built a new plant to put it into production. Compared with similar single-layer wear-resistant pipes in the market, the service life is much more longer, the pipe weight is more lighter, So the using cost is lower. It has a more competitive advantage in domestic and world markets.

The company's products are sold with high quality and are exported to overseas. They are mainly distributed in Europe, Germany, Spain, Poland, Asia, Malaysia, India, Australia, and the United States so on many countries in the world.

Our company main parts are **concrete pump pipe**, concrete pump reducer pipe, concrete pump elbow, **concrete pump flange**, concrete pump clamp coupling and concrete pump rubber hose. And in our warehouse stocks include Putzmeister, Sany, Schwing, Zoomlion, IHI, Kyokuto and other brands of pump wear parts, such as wear plate, cutting ring, conveying cylinder, S valve, plunger cylinder, swing lever, hopper complete and other wear parts. In addition, our company has good cooperation with domestic concrete machinery enterprises, and also exports concrete machinery, such as stationary pump, boom placer, hydraulic concrete placer, etc concrete pumping machine, and strive to complete the product chain to provide customers with more perfect and complete services.

Our Service philosophy is Customer first, dedicated service. Brand spirit is Pursue high quality products and services, business philosophy is Win-win cooperation and steady progress.
