Hebei Wenxuan Trading Co., Ltd is located in Shijiazhuang City, Hebei, China. It is affiliated to HEBEI PUBLISHING & MEDIA GROUP. Wenxuan Trading is founded on Dec. 1st, 2011, the company registered capital is 5 million RMB, and is an comprehensive state-owned enterprise.

Wenxuan Trading is an intensive management of HEBEI PUBLISHING & MEDIA GROUP. It is specialized in dealing with the purchase and supply of paper used for teaching and supplementary materials in view of HEBEI PUBLISHING & MEDIA GROUP system, meanwhile it also focus on expanding the social paper market, expanding and strengthening the trade of bulk commodities like wood pulp, chemical products, etc. Wenxuan Trading devotes itself to exploring the international market and breaking into the international market with soy printing ink, hot melt adhesive and other printing materials, etc.

We have been dedicating in the development and selling of soy printing ink for a long time and today we are a market leader supplying ink solutions to users, distributors and wholesalers worldwide. Our inks are soy oil-based and it greatly reduces the VOC (Volatile Organic Compounds) or toxic emissions released into the atmosphere. The "soy seal" which is approved by the American Soybean Association (ASA) is proudly displayed on our supply factories. It is also ISO14001&ISO9001 certificated, European ROHS&SGS approved. We encourage in offering green solution of ink products and insist: Together, we can make a difference!

We provides reliable and consistent Hot Melt Adhesive. We has professional manufacturing and sales experience of adhesive, and our Hot Melt Adhesive are sold to over 80 countries all over the world. The packaging industry (manufacturing of packaging from paper, cardboard, and corrugated board) is one of the major users. Hot melt adhesive is also used in the printing industry for bonding the spines of books, in the textile industry for bonding application, and in the shoe-making industry for bonding for example shoe soles. Its appearance can be stick, granule, pillow or block with transparent, white or yellowish color.

Viewing eco-friendly, safe, and fast as our philosophy, we devote ourselves in developing various soy ink and adhesive products that can meet the demands of international environmental norms and energy conservation.
