Heorshe-Ultra Wide Neck Baby Bottle

Parenthood is a wonderful experience and every parent wants to give their newborn a beautiful start. We believe that feeding is one of the most important exploration in the growth of a newborn. To feel mommy is the best feeling for a baby. Our [silicone bottles](#) are designed to bring your baby a feeling of mommy companion. While designing our bottle, we set out to solve several key issues with standard baby bottles. Our bottle helps avoid gassiness by venting through a unique air-control system. Additionally, we made an ultra-wide neck design and antibacterial materials been used for easy cleaning. Most of all, our silicone bottles solve the problem of “bottle rejection” and “nipple confusion” with a design that is very

Mimics Natural Feeding

160 days, 898 reverse breast molds, over 98 iterations, means this nipple were accepted by most babies. Ultra-soft nipple closely resemble a real breast, your baby is sure to get lost in the feeding experience.

Our brand: [Heorshe](#)

The unique air-control system allows the bottle to vent, which helps to avoid gassiness.

Hand Feeding Just Got Easier

If you want to know [BPA free Baby Bottle price](#), please contact us.

The ergonomic contour grip design is easy for little hands to hold and accommodate babies’ feeding positions.

Dust-Proof Cap

Our engineers gave special consideration when creating the bottle cap, leaving a tiny space between the outside of the cap and the nipple gland to protect it from dust and other contaminants. Just remove the cap and set it aside when preparing to feed, it’s simple, easy, and safe.

Easy To Clean

The silicone bottle is designed with a 65mm ultra-wide neck, meaning you can easily clean it with your whole hand.
