Cordyceps Extract contains a powder that has been hot water extracted from cordyceps cs-4 powder to increase the potency. By removing fiber through hot water extraction, your body can absorb the beneficial polysaccharide more easily than regular powder.

High Purity Cordyceps Extract is 100% water-soluble without any sediment and impurities. It is rich in polysaccharide and cordycepic acid. Anyone seeking to support energy levels should add Cordyceps extract to their daily routine.

You could add half a teaspoon of powder to your daily shake, smoothie, tea, or coffee. Or, get creative and add half a teaspoon to a favorite recipe. Twice a day and it will support you the whole day energy. In addition, Cordyceps extract has been shown to maintain healthy inflammation levels and immune support.
