HR FOOTPRINTS

<http://www.hrfootprints.com>

An individual passion that was ignited several years ago grew in strength and finally took the shape of a private limited company on August 1, 2006. Thus was the birth of HR Footprints Management Services Pvt Ltd. We believe that HR is there for business and organizational success. Therefore, we focus more on understanding the business of our clients and aligning our services accordingly. We understand that our clients require more than mere advice; therefore, we collaborate during execution of any HR interventions also. We know that internal HR teams have wide array of responsibilities and therefore we act as an extended arm and support. We take an integrated approach to HR services and therefore offer diverse expertise under one roof. We understand how information technology can be leveraged in providing better HR solutions. Through our carefully chosen partners, we bring that edge to our HR offerings.
