In India, the cost for undergoing an IVF procedure generally ranges from INR 1,75,000 to INR 2,00,000. This is an average figure and is subject to change. Any form of additional ART with IVF will further increase the involved costs. IVF treatment involves consultation, diagnosis, and the eventual treatment of the patients to help them enjoy the joy of parenthood. It is a lengthy process that involves doctors and medical staff with varying experiences and qualifications.
