Every year, nearly 5 billion plastic toothbrushes are created worldwide. And most of these make it into the earth's landfills and oceans. That's why introduce kapilaa Bamboo Toothbrush. And that's why we, a bunch good lads teamed up to create **Kapilaa Pharma Chem** and make a difference because it was time to stop adding to the problem and start being a part of the solution instead. So we decided to get you a range of products that were gentle on you and gentle on the planet. So we have designed and developed our natural **bamboo toothbrush** to be elegant. We also have a neem wood tongue cleaner, rose water, hair comb, karela jamun juice, bamboo water bottle & more. affordable, and easy on the eyes. Making a sustainable switch effortless and affordable for you. We at Kapilaa Pharma Chem believe in sustainable living and it's our dream to inspire more people to make these changes together, creating a community of like-minded people, and igniting a movement. Depending on what they are, our habits make us or break us. And it isn't too late to make the switch.

Let's charge through this decade with the aim of gifting our future generation a better planet.
