Kenscio is one of the world's leading digital marketing company with its corporate office in Bengaluru, global office in Los Angeles(US) and sales offices in Mumbai and Delhi. We are a global technology & services company dedicated to customer success with ISO/IEC 27001/2013 certification and European GDPR process compliance.

Being the pioneer in digital marketing for 14+ years, we have delivered several award-winning campaigns, applications, and processes that help marketers achieve measurable business results. We offer performance-centric digital marketing solutions from Mobile marketing (WhatsApp, Telegram, Apple Chat and more), campaign management (Email, SMS, OBD Social media), creative services (UI/UX, Content, Banners, Websites), web development and more.

At Kenscio, we help brands build deeper connections with their audiences, engage and inspire consumers/users, increase visibility, drive conversions and create a brand identity.

Our products such as Email Marketing Platform, Customer Data and Experience Platform, Email Open Time Personalisation, SMTP server, Email Validator, Email Intelligence and AI-based Predictive Analytics and more help you manage and coordinate your marketing channels in an efficient way.

Our team of creative writers, best graphic designers, dedicated campaign managers, client success managers and developers work together with our clients as a team to create engaging user experiences, dynamic websites and mobile applications, social media strategy and digital ad campaigns.
