

Memory Layout Training | Analog And Mixed Signal Layout Courses

Address	Mahadevapura, Bengaluru - 560048
Contact Person	manojmanu
Mobile Number	9742972744
Email	manojcsyrus@gmail.com

COURSE DESCRIPTION

Memory Layout Training /Custom Layout Design/IC configuration instructional class and **Analog And Mixed Signal Layout Courses** primarily centered around giving hands-on down to earth introduction in doing chip format structure for a given simple and blended sign plan. By end of the course you will figure out how to function in Linux condition, schematic passage in EDA apparatus, situation arranging, simple and advanced format configuration, directing and physical confirmation checks like DRC, LVS for commonplace simple circuits, for example, Opamp, PLL, Bandgap, LDO and standard cells. You will likewise comprehend fixing profound sub-micron process issues like Antenna, Latchup, EM&IR.

Course additionally center around giving bits of knowledge of the Analog circuit plan and Simulation, IO Layout Training, Memory Layout Training too. In the wake of finishing the course, you will get chance to move into spaces, for example, Analog and Mixed Signal Layout Design, Memory Layout Design, Standard Cell Layout Design, and I/O Layout Design.

Qualification

- B.E/B.Tech/Diploma in ECE/EEE.
- M.E/M.Tech/M.S in VLSI System Design/Embedded Systems/Digital Electronics.

Highlights Highlight

- Deep downplaying of MOSFET gadget material science and different key simple circuit structures.
-

- Practical comprehension of coordinating, protecting strategies.
- Hands on introduction in fixing design infringement, for example, DRC, LVS, Antenna, Latchup, EM&IR.
- Hands on involvement with standard cell format plan, I/O Layout structure, Memory Layout Design.
- Critical Industry standard venture execution under the direction of 12+ year's industry master.
- 24x7 Lab Support with homeroom practice gifts and course material.
- Soft aptitudes improvement, work arranged simple format configuration preparing with 100% situation help.

IC Design Training / Analog Layout Training Institutes In Bangalore / Custom Layout Training/ Analog Design Training
