Buying and selling cattle, their fodder and looking after their health with vet support is a regular routine for dairy farmers across India. **MeraPashu360** is a novel platform, the first and the largest of its kind that has been transforming the lives of farmers with power of technology at their disposal. Through this technology-driven platform you can buy and sell cattle, quality animal fodder, with guaranteed doorstep delivery support. The platform also helps dairy farmers get access to veterinary services from medical experts. The company, unlike classified ads portal, provides complete support to the buyers and sellers, wherein you aren't trading with a party but the company. They ensure full quality process internally which routinely carries out medical check-up of the cattle, along with detailed testing of the feed before delivery. The experts carry out required vaccination of the cattle at the own farm under expert vets. The platform also enables dairy farmers to access support system for feeding advisory, cattle health assistance, and access to qualified veterinary doctors' expert advice.
