Mingxin Barware Co., Limited has been committed to the production and development of entertaining products of hotels, KTVs, bars and nightclubs. We are the one of the best R&D manufacturers integrating molding, injection, acrylic technology, electronic lighting and stainless steel.

Our injection workshop is non-dusted, providing the goods with the best quality environment! We have four professional production lines offering a great production ability. Our main products are Custom LED Ice Bucket, Led Serving Tray and Led Bottle Glorifier, We are committed to providing you with high quality products.

We have a top R&D team, an efficient management team and a bunch of technical talents, providing customers with satisfying personalized solutions.

We are now one of the leading company in mainland China in our field, affecting the main culture of nightlife and keep advancing in the process of exploration. We strive to become a one-stop hotel and nightclub entertainment product base and we look forward to your visit!
