Born in the year 1994, Miracle Electronics has been working towards setting up a world-class manufacturing facility to manufacture best in quality inductors and **power transformers in India** and supply to its customers across the globe. It initially started manufacturing the finest quality **Toroidal transformers in India**, and today it boasts of Asia's most competitive ranges of superlative quality transformers, inductors, wire harnesses, volume controllers, voltage stabilizers and **electronic box assemblies in India**. Today, with an enviable workforce of 250 people, they have been able to successfully serve its customers in over 20 countries across the globe.

Spread across two full-fledged and well-equipped facilities in Bangalore, Miracle Electronics is well-equipped with world-class training rooms with sufficient room for growth and expansion. The team of 250 individuals works in accordance with high standard norms of the industry with respect to production and safety. The company makes sure to keep their staff regularly trained to enable them to perform their duties effectively and maintain highest performance standards.

Miracle's history of product excellence and committed customer service has helped them affiliate with some of the best organizations around the world including ESC, WHMA, Kassia, AHK, Dun & Bradstreet, EU Chambers, ISHRAE, FEIO, IOD, IPC, IACC, Clik, FKCCI and PIA. They have also bagged renowned industry certifications including AS9100, ISO 13485:2012, ISO 9001:2008, UL Certificate for Insulation, IPC Member and Conformity for CE Marking, confirming that they provide the best quality goods in every product segment, making them one of the leading **wire harness and inductor coil manufacturer in India**.
