NearLearn™ is an Educational-tech brand founded in 2017 and registered under the company NEAR AND LEARN PRIVATE LIMITED. We are based in Bengaluru, serving lots of working professionals and corporates across different countries. We provide classroom, workshop, corporate and online training. Our trainers are industry experts having a lot of experience in a specific domain. We have framed our syllabus in a way that it will be easy for everyone to learn from basic to advance. We provide professional training and certifications for top courses such as Machine Learning with Python, Blockchain Technology, AI Deep Learning, React Js, React Native, Python Django Certification, Data Science, Big Data and Hadoop.
