Elmex, a well-known company in the electrical wire termination technology market and a leading manufacturer of terminal blocks in India, was formed in 1963. In terms of technological and economic competitiveness, Elmex has constantly excelled its competition. Terminal Blocks, Terminal Block Accessories, C&I Products, Current Transformers, Solar Products, and PCB Connectors are all manufactured by Elmex. In 2018, Elmex won the gold medal for solar cable connection producer of the year. Elmex has also obtained a number of prestigious national and international certifications and approvals over the years.

Elmex is the most distinguished manufacturer of **Non Ferrous Terminal Block** in Vadodara, Gujarat.

We believe in making and delivering Quality Goods that establish and maintain unshakeable Customer Satisfaction and Confidence, and we do so by adhering to a strict Quality Commitment.

We strive for Entire Quality Management with total employee involvement in order to provide value-added products to our clients by continuously improving our products and processes.

Our manufacturing operations are backed up by fully computerised product and tool design and development, an in-house testing lab that performs the bulk of tests to worldwide standards, and an ISO 9001:2015 certified Quality Management System.

Our QMS is regularly inspected and audited by a number of international certification authorities, including UL India, UL International Demko A/S, and DNV.

Our products are designed to connect wires, but as a responsible company, we also strive to build long-term partnerships with the society and environment in which we operate.

Elmex terminal blocks provide a variety of products such as simple feed through circuits, cage clamp type terminal blocks, etc. and are also an excellent **Terminal blocks manufacturer in Vadodara.**
