OMU, the first video mobile application is a path-breaking endeavour to facilitate Investments for businesses and startups. Created to get together the finest start-ups and businesses, to enable them to get the education, access and exposure they require. Most importantly to help scale their business through the power of networking.

The OMU mobile app facilitates the investors and general audience to access 24x7 the video pitches and entrepreneurs' profiles & details. The Investors have freedom to review any video pitch at any point in time. The personal face to face meetings of the start-ups/entrepreneurs can be made possible both online and offline mode with the investors. The audience can view, like, and clap for the videos and share them with friends. Investors and audiences both can invest and donate to entrepreneurs. Start-ups can create crowdfunding campaigns or ask for funds from angel investors/VC firms. Entrepreneurs can acquire funding and donations, have business idea validation, and can create a never-ending digital footprint online. Create brand/product awareness, inspire & interact with the youth, make your business idea heard, and develop the new India. Witness the revolution the Indian business industry is about to make.
