PileMedicine is an online platform created with the aim of providing cost-effective online treatment for all anal disorders. We are a team of expert doctors & health professionals with years of experience in the health industry. PilesMedicine or www.pilesmedicine.in offers information on all types of anal disorders like piles, fissures & fistula as well as medicine delivery. Our quality consultation guarantees that you'll receive compelling and authentic treatment. Become an email newsletter subscriber and receive a 10% discount on your first order.

PileMedicine provides the highest quality online consultations and Ayurvedic medicines with authenticity, originality, and pride. We believe that everyone should have easy access to affordable health treatment, so we developed a system to improve access.

For the comfort of women patients, we have a qualified team of female doctors who is ready to treat women patients. The information remains private between doctors & patients only.

Online consultation appointments can be booked at any time from the comfort of patients' homes.
