The best place to buy residential **plots for sale in kothur** as this place is very near to Hyderabad international airport and is close to the Hyderabad - Bangalore national highway. This location is surrounded by many industrial areas. It became a focusing point for many real estate developers. We can find a large number of real estate plots as kothur has recently stepped into Real estate development. As the area is still in developing stage prices are very low when compared to other. We can get good returns from our investments in this area, as the prices will increase.
