Kerala is a land of fascinating culture, heritage & beauty, secluded beaches palm fringed back water mist clad hill stations lush tropical forests, waterfalls, exotic wild life, monuments, mangroves, paddy fields handlooms and more over Ayurveda. Ayurveda is practicing all over the world, but it is preserved and practiced in its true form and spirit only in Kerala especially in North Malabar. Quite proudly we can say that our nursing home has grown up into a fully fledged hospital equipped with all the necessary facilities to provide treatment in all eight branches of Ayurveda
