As an old upstream leading ECG lead wires manufacturer for worldwide ICU Patient Monitor System Accessories Manufacturers.ECG cable supplier are Our customers, themselves are finished ECG patient cable manufacturers.World-widely,China manufacturers takes up about 75% of all ECG EKG assembly companies.We focus on Reusable ECG lead wire customization and producing.All ECG/EKG leadwires we even customized&produced are over 1000 types.OEM and ODM is our main service.

Our ECG Lead use tinned copper,silvered copper or Tinned/silvered Tinsel or **carbon-fiber**.

Carbon fiber is almost transparent on x-ray and other imaging equipment because of its property . So patients DO NOT need to remove the electrode wires before imaging—providing an invaluable safeguard to the patient ,especially who need 24 hours monitoring. Carbon fiber also used in AED Pads cable because of this reason .Flexibility is another important reason ,our **1-Million bending test ECG leads use Carbon-fiber**

In this ECG Craiglist,We only show a small part of them.Items listed on this Craiglist are supplied to world famous brands,such as Medtronic,GE,Philips,Masimo...

Will can get free samples to test before you want to order

You will get follow nos of ecg leads wires:

Single Lead ECG Electrodes Wire
