Rite Eat offerings are tailor made Multigrain Flour, Seasonings & Beverages to cater to all individual needs. These are developed by nutritionists to ensure that what you Eat is Rite. This flour is enriched with the goodness of seeds and herbs, gluten free with no preservatives. All the products serve plant-based nutrition and tastefully target specific health requirements such as diabetes control, child growth, pregnancy, and skin & hair growth. Rite Eat's no-wheat flours and Lakadong turmeric with the highest curcumin content can prove the magic immunity boosters in your diet, and revitalize your health with minimum efforts.

Rite Eat enables you to make 'healthy eating' simpler by making tiny little changes in your everyday food with its highly nutritious food ingredients, which can have a much more nourishing impact on your health.

Some of our highly selling products includes:

- Golden Latte Turmeric Milk Premix
- Immunity Boosting Multigrain Flour
- Diabetes Control Multigrain Flour
- Cholesterol & Heart Health Multigrain Flour
