Sarex Overseas is the best fine chemical manufacturer in India. They are the largest fine chemicals supplier & exporter. They produce top-quality triazine Chemicals, UV absorbers for plastic, coating, API Intermediates, etc.

Sarex Overseas has corporate office in Mumbai. The manufacturing facility is in MIDC, Tarapur, 100 kms from Mumbai in India. Sarex is certified by ISO 9001, ISO 14001, and OHSAS 18001 by URS, UK

Sarex specializes in producing high-value fine chemicals. Besides regular products, Sarex develop new products based on customer's requirements. R&D centre plays crucial role in handling complex chemistry and developing newer technologies. Sarex have developed Hydroxy Phenyl Triazines (HPT) which are UV absorbers used as additive in plastics and coatings to enhance their durability, colour fastness and performance. These UV absorbers are superior in their class as these have very low volatility at high process temperature of the plastics.
