Satopradhan Vision is a perception, an idea ignited by spiritual wisdom, for the creation of a perfect world colored by seven qualities of Knowledge, Purity, Peace, Happiness, Love, Bliss and Power, where human souls live in harmony with each other as well as with nature.

Driven by Supreme Soul, Supreme GodFather's loveful guidance and grace, this venture aims at bringing human souls closer to nature and was initiated in October 2019 by VecRas Creations Pvt. Ltd., (a leading digital design company, based in Amritsar, Punjab, born in the year 2007).

As we are already aware, nowadays, there is not even a single family that is free from challenges; physical or mental. The root cause of the majority of these challenges is that we have drifted away from the natural way of living & being. We must remember that in order to change our "Sansaar" (world), we need to first work on changing our "Sanskars" (Impressions). This is why we are here to help you on your journey of "Sanskars Parivartan" (transformation of old belief systems/ habits).

The main objectives of this venture are:

1. Raising awareness among people to heal themselves naturally by transforming their lifestyle.
2. Providing them all the necessary resources which they will need during this transformation journey to make it easier and convenient for them.
