**Mobile Number**

**Email**

publish@shabd.in

newly launched writing, reading, and publishing site known as "Shabd " which offers many amazing features like reading books, writing their own books or short articles, getting their books published on demand and selling them online, and even giving services for marketing and promotions like book reviewing and influencer marketing. Best thing? You can choose whether you want to read and publish your book for free or paid, gaining 80% of the royalties if you keep your book paid.
