Shandong Dongtai Machinery Manufacturing Co., Ltd. was established in 2008. It is located in the national hi-tech Lingang Economic Development Zone, with registered fund of 10.6 million, covering an area of 5000 square meters, with more than 200 employees. It is a domestic professional automatic packaging machinery manufacturing company, which integrates R & D, production, sales and service. It has been certified by ISO9001:2000 system, and some products have been certified by European Union CE. The products are exported to Europe, America, Middle East, Southeast Asia and so on. The company aims at the development of intelligent packaging equipment for the food market and the daily chemical market, and provides an efficient, energy-saving and personalized packaging machinery and package program for the food and daily chemical manufacturing enterprises.

CORE VALUES□Honesty and love, enthusiasm and happiness, conscientious and pragmatic; The quantity is more important than the quantity, and the content is more important than the form. Fact is more important than feeling, and Do is more important than speaking.

Dongtai Machinery, created by Ji'nan Dongtai, Wuhan Dongtai Borui, Chengdu Dongtai and Shenyang Dongtai, is dedicated to the design, development, manufacture and sale of filling machinery and packaging equipment. Adhering to the principle of "people-oriented, technology first, making intelligent factory for customers", absorbing advanced experience at China and abroad, providing high intelligence and high automation filling production line for high-end customers.

Whether it is technical personnel, equipment quality, or detailed technical information, has demonstrated the "professional" standard of Dongtai service. Constantly improving professional standards and providing reliable products to users is the goal of Dongtai's untiring efforts. Factory is committed to the research and development of the rear section of the production line, providing one-stop procurement services to customers.
