jr-glassbottle@outlook.com

We mainly produce various kinds of glass containers for vodka, whisky, rum, cognac, etc. Our 6 top bottle & moulding designers compose the most cost-effective one-stop that can provide customers' finished goods. Our factory, marketing office and designers are in Shandong Province, one of the biggest glass bottles manufacturing base in China. We have 4 furnaces, 12 automatic production lines and 6 semi-automatic production lines, ready to meet customers' different product demand. Each process and every shift is strictly supervised by professional QC team to guarantee sustainable quality.
