With changing times, medical treatment has also considerably advanced for prolonging life and expectancy.

Total medical treatment, offering all medical services under one roof has become the need of hour. At Sparsh Superspeciality Hospital, we felt this need for all patient's time.

At SSH, we will continuously strive to improve the lives of the present and future generations through responsible application of medical technology in an environment of understanding and care. Our endeavor is to achieve utmost satisfaction of our patients by delivering compassionate, affordable quality services on a sustainable basis. Our focus is on continuous improved patient care, aligning ourselves with technological advances in medical field.

We are committed to abide by ethical codes of practices and are responsive to the safety, welfare and needs of all our patients and visitors. The rich and poor come here for quality care, for no one here is turned away for lack of funds. We believe that no patient should be deprived of the best healthcare solely because they cannot afford it. Caring with Compassion to all patients with super-specialities is the message we would like to spread to our society.

We take this opportunity to thank all our patients who over last few years have shown profound faith in us and it will be our endeavor to translate our vision into reality.
