SS Supply Chain Solutions (3SC) is a leading supply chain analytics and execution company that offers AI-powered robust solutions such as supply chain execution, warehouse management system, inbound and outbound logistics, and more. The platform helps clients make better & faster decisions through an integrated module for business, supply chain, forecasting, and financial planning. Apart from an array of robust supply chain management solutions, 3SC has been successful in curbing greenhouse house gas emissions through its unique product line known as Carbonex. It has marked a consistent growth in the industry by offering complete visibility, responsiveness, and resilience to its customers and by achieving exceptional results in operational excellence, cost leadership, sustainability measures, and productivity gains.
