TI Infotech is a premier information Travel Technology Company serving **travel software** services across the globe. The company was incepted in the year 2005 with "A Total Solution Approach" to provide travel portal development solutions specific to travel, tourism and hospitality industry.

We have a comprehensive range of online **travel booking engine** exclusive for **online travel agencies (OTA's) & travel management companies (TMC's)**. It provides connectivity with multiple GDS (like Sabre, Galileo, Word span etc.) and third-party suppliers for fetching the worldwide content for various services like Flight, Hotel, Packages, Transfers, Sightseeing, and Cars. Travel agency back office software completely automates the entire booking process to manage multiple sales channel (B2C, B2B, B2B2B, B2B2C).

Our **B2C & B2B travel agency software & tour operator software** is all-in-one suit to automate the travel business process from content acquisition all the way to the distribution process. At TI Infotech, you will find reliable, efficient and cost-effective travel software solutions customised to your needs.
