Udyam Registration is an online process for registering a business as a micro, small, or medium enterprise (MSME) in India. This registration is required to avail various benefits such as priority sector lending, subsidies, and government schemes for MSMEs. The registration process is free of cost, paperless, and can be completed in less than 10 minutes. A unique Udyam Registration Number (URN) is issued upon successful registration. MSMEs with a turnover of up to Rs. 250 crore are eligible to register under Udyam. The registration process requires basic details of the business such as PAN, Aadhaar, and bank account details.
