Established on 30th August 2007, Vectus Industries Limited is one of the leading polymer-based water storage solutions companies in India and has been driving constant innovations for the past 3 decades. We're a certified ISO 9001:2015 company and we laid our foundation with manufacturing of Rotational Moulded Tanks in India. We also deal in a wide range of piping solutions- PPR Piping System, PVC Pressure Piping, Multi-Layer Composite Piping System, SWR Drainage System, uPVC Column Pipes, Casing Pipes, Agri Pipes to name a few. With more than 4300 distributors, 30,000+ retail counters, 14 manufacturing plants, 4 depots, we have presence all over the country. We have proved to be trendsetters in the market and so, we are among the few brands which use all four types of techniques i.e. Extrusion moulding, Injection moulding, Blow moulding & Roto moulding, to process the plastic.
